ALL-DOUBLE PETUNIAS

SAKATA'S ALL-DOUBLE GIANT FRINGED STRAINS represent the highest horticultural accomplishment in this field. Acknowledged by countless testimonials to be 100% double, of stocky, healthy habit, and profuse bloom, little can be added. Flowers frequently exceed five inches in diameter and are exquisitely ruffled and fringed in a vast range of brilliant and intermediate colors. Being real money makers, they are in strong demand by florists. There are two strains:

PETUNIAS—Cont.

Dahlia-flowering Giants, mixed	1.75
In Colors: Canary Yellow, Crimson Mon- arch, Exquisite, Oriole, White25	2.50
<i>elegans pumila</i> , dwarf double mixed	1.25

1936 NOVELTIES

Have you seen T. Sakata & Company's catalogue? If not, please be sure to ask for a copy.

We believe we are not exaggerating when we say that our grower brings out more novelties annually than any other house. Turn for example to page 23 where is offered **Sakata's Giant Ruffled Orchid Mixed Colors**. This is the first real double Pansy producing a flower more like an Orchid than a Pansy. There is going to be considerable interest and we advise early inquiry.

Space does not permit us to detail every new variety, but do not overlook the **Baby Pansies** on pages 27 and 28. They are something entirely new and those who have seen them predict that they will be novelties of universal interest.

Indications are that the **All Double Petunia** will be more popular in 1936-1937 than heretofore. All strains have been greatly improved and a number of separate colors added. We urge you to place your order early as this year the demand was so great that we were unable to fill it and there is every reason to expect, in view of the immense amount of advertising, that the demand will be even greater.

If you do not receive this catalogue within the next 2 weeks please write to us.
